

Love the Years, Erase the Lines

PERFECTIVE CEUTICALS™ takes holistic wisdom to complement the most advanced skin care science, focusing on every aspect of skin aging. This union of cosmetic expertise facilitated the creation of a breakthrough formula, Divine Age Guardian, to reverse skin aging both intrinsically and extrinsically.

The highly penetrative anti-aging skin care treatment utilizes a powerful synergistic combination of Growth Factors and Peptides, based on extensive scientific research, to rejuvenate skin at its various levels. It does so by nourishing, repairing and sending neural-messages to stimulate diminished collagen, elastin and other important skin tissues, preventing or slowing the degradation of such proteins to achieve optimal results on any skin complexion.

Benefits

- Stimulates the synthesis of the key constituents of the skin matrix
- Increase skin's ability to return to its original shape after stretching
- Increases skin thickness and strengthens skin structure
- Help restore and strengthen the lipid barrier
- Reduces the contraction of facial muscles
- Diminish the appearance of fine lines, wrinkles and crows' feet
- Reduce age spots and hyper-pigmentation
- Defend against damaging environmental influences
- Inhibit cellular aging due to oxidation
- Noncomedogenic

Divine Age Guardian Serum with Growth Factor

An intense anti-aging wrinkle cure concentrate that contains unparalleled physiological combination of Growth Factors and Peptides, which signal natural cellular activity within the skin. It helps stimulate and regenerate the production of natural skin elements as well as minimizing the mechanisms that form wrinkles by inhibiting severe and repetitive muscle contractions that contribute to wrinkle formation, giving the skin instant gratification plus long-term results.

Divine Age Guardian Crème with Growth Factor

Discover the science of luxury- leading edge anti-aging technology combined with exquisite indulgence. Divine Age Guardian Crème takes recovery and repair to new levels, addressing the visible signs of aging in many different ways. This potent facial cream helps boost the skin's production of collagen and elastin, and prevents collagen from losing its spring. It also restores and strengthens the lipid barrier, leaving the skin feeling radiant, lifted and toned.

Anti-imperfection Eye Therapy with Growth Factor

A luxurious eye cream consisting of unique combination of Growth Factors, Vitamins, Peptides, and Ginseng Extract to ensure a complete care for the skin surrounding the eye area. Anti-imperfection Eye Therapy helps fight fine lines and wrinkles while moisturizing and firming the delicate skin around the eyes.
